AIANY BOARD OF DIRECTORS LETTER TO MEMBERSHIP REGARDING THE 2016 ELECTION

November 15, 2016

Dear AIANY Members,

The statement made post-election by AIA National on behalf of you, the largest chapter within its network of 89,000 members, pledged your support to an administration that many strongly denounce. The Board of Directors of AIA New York was not consulted by AIA National leadership prior to their decision to support President-Elect Trump’s yet undefined infrastructure agenda, and we do not condone their statement.

The leadership of the New York Chapter would like to reassure our membership and extended community that we reject the violent rhetoric that has pervaded the recent presidential campaign and we oppose any association with it. We believe in inalienable rights, regardless of creed or nation of origin; gender or sexual orientation; language of birth or skin color.

Architects, by training, are fundamentally committed to providing shelter and protecting the safety and wellbeing of all people. Civil dialogue, reciprocal respect, and the protection of human rights are essential to this activity and are vital characteristics of the profession.

These principles are not only our human values; they underpin the practice of our profession. We believe in equity in design and its benefits to all, especially in the critically needed areas of affordable housing, safe schools, and accessibility. We will continue to espouse fair and ethical business practices throughout the building industry. And, we remain committed to mitigating climate change and protecting New Yorkers from its unavoidable consequences.

We are fortunate that the New York Chapter functions in one of the most diverse and inclusive cities in the world. To this end, AIA New York is committing to increasing programming and exhibitions that promote a more inclusive America and address the needs, concerns and principles of you, our members.

We are first and foremost a membership organization, and our members are our strength. As members, your insights will drive our future actions. We want to hear from you. Please email membervocies@aiany.org with your suggestions for how this organization can best respond to the challenges you see facing us as a community. We are committed to addressing your concerns.

Sincerely,

The Board of Directors
American Institute of Architects New York Chapter
