#### **About ASLA-NY**

ASLA-NY is the New York Chapter of the American Society of Landscape Architects, the national professional association representing landscape architects. The territory of the Chapter encompasses the five boroughs of New York City, Nassau and Suffolk counties on Long Island, and Westchester, Putnam, Dutchess, Orange and Rockland counties. The Chapter is comprised of over 500 members who engage in public, private and academic practices that participate in the careful stewardship, wise

planning and artful design of our cultural and natural environments. New York State has two chapters; New York Upstate represents the communities north of Westchester.
